

CTE SUMMIT 2015

1st Annual Region 8 Works Council CTE Summit: April 10, 2015

9:00 a.m. - 1:40 p.m. @ WestGate Academy

The Region 8 Works Council, in association with your local Career Center/Cooperative, presents the 1st annual Career & Technical Education (CTE) Summit April 10th, 2015.

The CTE Summit allows high school students, their counselors and teachers to explore vast career pathway options available.

Attendees will experience presentations by various CTE students highlighting their skills alongside post-secondary and business/industry partners in connection with the industry cluster career pathways.

Freshmen through seniors will also have the opportunity to engage in mock interviews and meet with college, university and industry representatives specific to our region.

Additional presentations will be given highlighting key items students need to know before they graduate high school.

Our goal is to educate students to the career pathway options available, engage students in active thinking around regional opportunities and enlighten all who attend as to the power of Career and Technical Education.

Interactive Rap Sessions:
